**In this Issue:**  
**Phonelink & Mitel Environmental Accreditation**  
**Gwalia Go Karting Champs!**

### Phonelink expand with Mitel 5000 Range

Together with Mitel, Phonelink can offer all our customers a great opportunity

- to streamline costs during the economic downturn
- to stay competitive using UC Applications
- and to be prepared for an economic upturn

#### Redefining Communications.

As a hybrid system, the 5000 CP provides a complete solution for pure IP deployments, as well as mixed deployments consisting of both IP and digital phones — perfect for any business that needs to make the transition from digital to IP or wish to deploy both or either one based on infrastructure needs.

Adopt a new Mitel solution NOW ...

- **No More Out of Office**
- **Seamless Access for Remote Workers**
- **Informed Business Decision Making**
- **Mitel Applications Suite for the 5000 CP**
- **Unified Messaging**
- **Enhanced Customer Interaction**
- **Conferencing and Collaboration**

#### Impact:

**In today's competitive environment, the drive to operate more effectively and take cost out of the business is more critical than ever. Simplifying communications and enhancing customer service and collaboration are important to you; however, you need a cost-effective solution. Business success is built on providing quality service, building relationships and returning customers. The Mitel® 5000**

**Call us NOW to find out how MITEL can help you**

## Phonelink go Green

Phonelink have recently become fully accredited onto the BS8555 environmental management system showing the company's commitment to ongoing environmental and sustainability policies and procedures.

Aspiring to be a Green Business with Green Credentials, we are doing our bit for the environment.

This Environmental Management System has been set up to enable companies to demonstrate their credentials to suppliers, customers and any other parties interesting in green business and commitment to sustainability.

So watch this space for more 'Green News'

### Gwalia Go Karting Champion....

Steve Evans, Managing Director of Phonelink Installations managed to defend his Title this year in Gwalia Housing's Annual Go Karting Championship held in Newport.

Steve, who won last year, had another great year in this annual event held in Newport. Fingers crossed Steve can make it 3 out of 3 in next year's championships.
